Such eligible child shall be admitted tuition-free to the public schools of the district in which he, his parents or legal guardian, resides. HSR 615

Whereas, There has, for some time, existed certain confusion in relation

to the taxation of mobile homes by local units of government as either personal property or real property; and

Whereas, The lack of standard or uniform taxation of mobile homes and dwellings as "motor vehicles" or as "residential" property by the State of Texas as well as local units of government is of concern to the consumers of Texas as well as those business enterprises engaged in the manufacture, distribution, and sale of mobile housing; and

Whereas, All aspects and incidents of the taxation of mobile homes and dwellings and the land on which such are situated should be standard, uniform, and certain; now, therefore, be it

Resolved, That the House of Representatives of the State of Texas direct the Texas Legislative Council to conduct an interim study of all phases of the taxation of mobile homes within the State of Texas, with particular emphasis on a uniform method of discovery, valuation, and collection of real and personal property taxes on mobile homes and the land on which they are located or situated taking into consideration the land improvement costs as well as density and the sales price of such mobile homes which includes the cost of certain furnishings; such study to include whether such dwellings should be subject to either the motor vehicle sales and use tax or the sales tax, or either; and, be it further

Whereas, It is vitally important that traffic courts operate with fairness, efficiency, and dignity; and

Whereas, This can be achieved through the establishment of an effective traffic courts system in the state, which, in addition to its importance in furthering traffic safety, can also enhance the general respect for law; and

tration of justice so that the traffic courts will become an effective element in the state's total traffic safety program; and

Whereas, The national standard for traffic courts petitions each state to develop a system in which every traffic court within the state will be a court of record and will be an integral part of a statewide judicial system containing a plan of judicial supervision and administration vested in the highest judicial authority of the state; now, therefore, be it

Resolved, That a comprehensive statewide study and examination of the structure and operation of Texas traffic courts be undertaken and, this study should include geographic jurisdiction, authority, rules of procedures, qualification of traffic court personnel, mandatory personal appearance of defendants in court, utilization of records before sentencing, range of penalties, reporting of convictions, training for court personnel, the financial aspects of traffic courts including sources of funds, costs of operation and disposition of revenue, recommendations on adequate courtroom facilities; judges' salaries, education, and a code of ethics; and any other related fields in which the study committee may feel action is necessary and proper for the orderly administration of justice in traffic cases; now, therefore, be it further

Resolved by the Senate of the State of Texas, the House of Representatives concurring, That a committee composed of 18 members be appointed for the purpose of studying, drafting and recommending to the 63rd Legislature, the legislation to be enacted for the proper administration of the traffic laws of the State of Texas in a system of traffic courts of record; and, said committee shall contain three Senators and three Representatives nominated respectively by the President of the Senate and the Speaker of the House; and a representative of the Texas Supreme Court and a representative of the Court of Criminal Appeals, and a representative from each of the following: the Texas Bar Association, the Texas Police Association, the Association of County Judges, the Municipal Judges' Association, the Justices of the Peace Association, the Association of District and County Attorneys, the Office of Traffic Safety Administration, and three citizens at large, the last twelve members of which shall be appointed by the Governor of Texas; and, be it further

Absent-Excused**Harding****HB 1676—TEXT OF SENATE AMENDMENTS**

Amend HB 1676 by striking all below the enacting clause and substituting in lieu thereof the following:

Section 1. (a) The commissioners court acting for and on behalf of any common school district which is not a rural high school district and which is located in a county having a population of not less than 141,000

nor more than 161,000, according to the last preceding federal census, may levy and collect a tax, in addition to that authorized under Sections 20.01 through 20.04, Texas Education Code, not to exceed 50 cents on the \$100 valuation of taxable property for the district for the maintenance and use of the schools in the district.

(b) The limitation imposed by Subsection (d), Section 20.04, Texas Education Code, does not apply to the additional tax authorized by Subsection (a) of this section.

Sec. 2. No tax may be levied, collected, or increased under the provisions of this Act until that action has been requested by a petition signed by 15 percent of the qualified property taxpaying electors of the district and has been authorized at an election held in the district for that purpose.

Sec. 3. As used in this Act, "the last preceding federal census" means the 1970 census or any future decennial federal census. This is despite any legislation that has been or may be enacted during any session of the 62nd Legislature delaying the effectiveness of the 1970 census for general state and local governmental purposes.

Sec. 4. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

Amend caption to conform to body of bill.

(Speaker in the Chair)

Mr. Jungmichel offered the following resolution:

HSR 613

Whereas, On Friday, May 28, 1971, our good friends, the Dean Neugents, celebrate their 29th wedding anniversary; and

Whereas, Dean and Gwen were married on May 28, 1942, when this nation had been in World War II barely five months, but the uncertainties and perils of those early years certainly proved no handicap to their continuing happiness; and

Whereas, Most of us in this House have known Dean these eight years,

since he began serving his first term in the 59th Legislature, and during this time he has gained the affection and respect of all Members, and his lovely wife, Gwen; and

Whereas, Members of the House of Representatives of the 62nd Legislature wish to join in the happiness of this wonderful couple, as Dean and Gwen celebrate their 29th wedding anniversary; now, therefore, be it

Resolved by the House of Representatives of the State of Texas, That we congratulate Dean Neugent on his good fortune in finding and keeping such a wife as Gwen, and that we commend Gwen on the good sense to love and continue loving such a fine man as Dean; and, be it further

Resolved, That a copy of this resolution be prepared for the Dean Neugents to serve as a memento of their 29th Wedding Anniversary and as a token of the good wishes of this House.

The resolution was unanimously adopted.

HSR 614—ADOPTED

(Congratulating the Honorable Dean Neugent on his birthday)

Mr. Jungmichel offered the following resolution:

HSR 614

Whereas, The House of Representatives of the 62nd Legislature wishes to extend birthday congratulations to one of its most distinguished members, the Honorable Dean Neugent of Galveston County; and

Whereas, Dean Neugent, who has served faithfully in the House of Representatives from District 21, and his lovely wife, Gwen, live in Dickinson; and

Whereas, With an attitude of goodwill and tolerance is the astute Chairman of the Committee on Public Health, and as he does so, his decisions are important to every citizen of Texas. In this respect, our fellow Member is extremely capable, though unassuming, and strives to work for the best interests of his constituents and the people of Texas as a Member of the House of Representatives, a dedicated private citizen, and as a good friend.

Whereas, Dean Neugent, as an attorney, as a legislator will serve both the people and his own ideals to satisfactory achievement of a difficult task; now, therefore, be it

Resolved, That a copy of this resolution be prepared for him, under the Seal of the House of Representatives, as an expression of the high regard which this House holds for him.

The resolution was unanimously adopted.

HB 783—PENDING BUSINESS

The House proceeded to the consideration of pending business, HB 783, on its passage to engrossment, with points of order raised by Mr. Braun and Mr. Allred pending.

The Speaker sustained the Braun point of order, stating as follows:

"Mr. Braun raised the point of order that printed matter was distributed in the Hall of the House contrary to Rule III, Section 7.

Upon investigation, the Chair found this to be true, therefore, the point of order is well taken and sustained.

Subsequent to Mr. Braun's point of order but before this Ruling, Mr. Allred raised the point of order against further consideration of HB 783 inasmuch as there was no bill analysis of the bill as required by Rule XXVI, Section 1 (b) (2).

It is well settled that only one point of order may be pending at any one time."

Mr. Allred then raised a point of order against further consideration of the bill on the grounds that it violates Rule 26, Section 1, of the House Rules.

The Speaker overruled the point of order, stating as follows:

"It is well settled that a point of order is made too late if made after a matter is presented and after consideration (V Hind's Precedents 6888). The Chair would remind the House that the bill was laid out. Mr. D. Jones explained the bill. Mr. Head then made two motions to postpone the bill which involved having the bill under consideration.

The bill analysis has been supplied. See Rule 26, Section 6 and Rule 18, Section 16. Section 2 of the Rule requires written notice of changes in bills. The bill analysis is not part of the bill.

For these reasons Mr. Allred's point of order is respectfully overruled."

Mr. Delwin Jones offered the following amendment to the bill:

Amend HB 783 by striking all below the enacting clause and substituting the following:

REMARKS BY THE HONORABLE L. DeWITT HALE

On motion of Mr. Gammage, the following remarks of Mr. Hale addressed to the House on the above amendment were ordered printed in the Journal:

I come before you this evening, Mr. Speaker and Members of the House, with mixed emotions on this amendment. Having been here a few years, I recognize the futility of trying to amend a bill once the membership of the House has made up its collective mind that it will ride with the sponsor. Offering an amendment in such circumstances is an exercise in futility which I recognize. Yet each of us must search his conscience and do what he must do in order to live with himself.

I rise this evening with an amendment because I feel that I have been done an injustice, not by what is in the bill, but by what I was told would not be in the bill. I would have no quarrel with the bill had the facts concerning its content not been misrepresented to me.

The records of the Committee on Legislative Districts will reflect that I never at any time contacted any member of the Committee to ask for anything with respect to my district. My contacts were solely with the Chair-

man of the Committee. I was told by the Chairman, in answer to my inquiry, that certain policy decisions had been made by the Committee. One of those decisions was to the effect that any county with population in excess of what is needed for one or more Members would be given the membership to which it was entitled, with any surplus to be attached to an adjoining county to create another district. Although I disagreed with that policy decision, I was willing to accept it if it was to be applied uniformly on a statewide basis.

I was also told by the Chairman that another policy decision made by the Committee was to the effect that there would be no multicounty, multimember districts. We have had such districts in my area for many years. Two or more counties are joined to create a legislative district with more than one Member, and all Members representing that district run at large by place system throughout the several counties. Although I disagreed with that policy decision, too, I was willing to abide by it, if uniformly applied—and I so advised the Chairman.

Under such circumstances I saw no reason for me to appear before the Committee. I never did appear before the Committee. I assumed that the Chairman had advised me correctly that the Committee would in good faith carry out its own policy decisions. Not until last night, when I first saw the redistricting bill, did I learn that the Committee had not lived up to the policy decisions explained to me by the Chairman.

In my area the policies were applied and followed. In Nueces County we have population sufficient for three Representatives with a surplus of about 18,000. Under the bill as reported by the Committee, we were given three Representatives and the surplus was attached to adjoining counties to make another representative district.

I would have no quarrel with my district if the Committee had applied its policy decisions uniformly and consistently throughout the bill. When I read the Committee report for the first time yesterday, I was surprised to learn that both policy decisions had been violated. I was even more amazed when I read the substitute offered by the Chairman, Mr. Delwin Jones. I find that not one, but two policies were violated in the substitute, despite Mr. Jones' assurances to me. I find, for instance, that District 47 has three places running through four counties: Hidalgo, Kenedy, Kleberg and part of Willacy County; that District 46 has two places running through two counties: Cameron and part of Willacy County; and that District 74 has two places running through three counties: Carson, Potter and Randall Counties.

So I say to you that the policy decision on multicounty, multimember districts was not uniformly applied by the Committee. I was told one thing; the Committee did something else. As a result, I feel aggrieved. I have in effect been denied the right and the opportunity to appear before the Committee and to argue the case for my district.

Next, the policy decision that each county would be given the representation to which it is entitled, with any surplus to be attached to adjoining counties for another district, has also been violated. You have already debated amendments proposing to correct some of these situations. Take the case of McLennan County. It did not get the representation to which it was entitled, with only its surplus attached to adjoining counties. Or take

the case of Midland County. It did not get the representation to which it was entitled, with only its surplus attached to adjoining counties.

Because of these deviations I feel that I have been treated unfairly. That is the reason I offer this amendment tonight.

I am now serving my 19th year as a Member of this Legislature. I can say to you in all sincerity that I have never knowingly misrepresented anything to any Member. Sure, we all get on the front mike occasionally and do a little mumbling to try to avoid a discussion of the full facts about a bill or an amendment; but on a direct question I have never misled a Member in any way if I knew better. If I didn't know, I would so state.

So when a Member of this House, particularly a Committee Chairman, tells me that certain policy decisions have been made—and will be uniformly followed—I feel I should be able to rely on such information. When the decisions are then not uniformly applied, I am aggrieved.

Now what my amendment proposes to do, Members of the House, is to try to keep Nueces County whole. I know that the majority of this House is probably not going to vote for this amendment. I can foresee the result by looking at your action on prior amendments. But in good conscience I must make the effort. What the bill does is to take about half of Nueces County, as shown by the yellow on this census tract, and join it with Live Oak and San Patricio Counties to create another district to the north of us. What my amendment proposes will affect two districts. It will affect the district which is composed of Nueces County alone. It will also affect the district immediately to the north, composed of a part of Nueces County plus all of Live Oak and San Patricio Counties.

Under Mr. Jones' substitute the surplus population in Nueces County is attached to Live Oak and San Patricio Counties, creating a new District 44. The remainder of Nueces County constitutes District 45. My amendment proposes to consolidate these two districts into a single representative district. It will then be a multicounty, multimember district comparable to those in the Jones Substitute known as Districts 46, 47, and 74. There will be four places in the consolidated district running at large throughout the district. That is the way our district has been set up ever since the last reapportionment act. We do not want the western and northern part of our county taken away and attached to another district. Our people have very little in common with that other district. Our county is now whole. We want to keep it that way.

Now, Members of the House, as I was saying, my amendment will affect no area of Texas but my own. It is in keeping with similar reapportionment provisions made by the Jones Substitute in other areas of Texas. It is consistent with the pattern of the Jones Substitute, yet minimizes change in my area of Texas. I hope you will look to the merits of the amendment—and not vote against it simply because it was not recommended by the Committee.

Thank you, Mr. Speaker and Members of the House. I urge you to vote for my amendment.

In Memory of
Texas Supreme Court Justice
Clyde E. Smith

Mr. Adams offered the following resolution:

HCR 186

Whereas, Citizens of Texas and Members of the Texas Legislature were greatly saddened by the loss of one of the state's most distinguished citizens in the passing of former Texas Supreme Court Associate Justice Clyde E. Smith on Saturday, May 22, 1971; and

Whereas, It was only last December that Justice Smith retired after 20 years of service on the Texas Supreme Court, having been appointed by Governor Allan Shivers in 1950 to fill a vacancy; and

Whereas, This distinguished citizen began studying law at the age of 17 and was admitted to the bar when he was 21, serving in the law offices of Judge Robert A. Shivers; and

Whereas, Prior to being appointed to the Supreme Court, he served a term as county attorney in Tyler County, three terms as district attorney of the 75th Judicial District, and was serving as district judge of the 75th Judicial District at the time of his appointment; he also practiced law in Woodville for 19 years; and

Whereas, During each of his 20 successive terms of the Court, Justice Smith contributed numerous important key decisions which have had and will have a strong influence upon the common law of this state; he authored a total of 391 opinions, about one-third of which were dissenting opinions representing additional efforts on his part; and

Whereas, He looked upon every case before the court as his own responsibility, a view which is necessary for the preservation of fairness and justice under the law; and

Whereas, Justice Smith, who journeyed to the Texas Supreme Court from Woodville, Texas, was proud of his city, his family, and his friends; he was also proud of his humble origins and

laughingly had said that he was probably the Supreme Court's most notable drop-out, a reference to his early years of selling newspapers on the streets of San Antonio, driving a four-mule team hauling cotton, working on a farm, the years of self-education, and even some successful and some unsuccessful races for high state offices; and

Whereas, It is impossible to calculate the value of the great contributions and long service which Justice Clyde E. Smith gave to the State of Texas; and

Whereas, He is survived by one daughter, Mrs. Kenneth Kennedy of Frankfurt, Germany; two sons, Clyde E. Smith and Joe E. Smith, both of Woodville; a sister, Mrs. Ruth Gillespie of Woodville; a brother, Clifford B. Smith of Woodville; thirteen grandchildren; and seven great-grandchildren; and

Whereas, The Legislature of the State of Texas wishes to pay high tribute to former Texas Supreme Court Associate Justice Clyde E. Smith for his many contributions to the legal profession and to the citizens of the State of Texas, and to extend sympathy to his family; now, therefore, be it

Resolved by the House of Representatives of the 62nd Legislature, the Senate concurring, That by this resolution, the Texas Legislature and all the people of Texas commend and pay tribute to Clyde E. Smith, distinguished citizen and servant of the people of Texas; and, be it further

Resolved, That official copies of this resolution be prepared for members of his family as an expression of profound sympathy from the Legislature and all the people of Texas.

The resolution was adopted unanimously by a rising vote.

On motion of Mr. Nabers, the names of all the Members of the House were added to the resolution as signers thereof.
